

Dear AsCNP members:

Warm greetings! I hope you are keeping strong and healthy in this pandemic. It is with humility that I am serving as AsCNP President from January 1, 2021, to December 31, 2022. In this first AsCNP Presidential Correspondence, I would like to put on record our thanks to Professor Kazutaka Ikeda. During his presidency, he has strengthened the relationships between AsCNP and other neuropsychopharmacology colleges, such as the Collegium Internationale Neuro-Psychopharmacologicum (CINP), American College of Neuropsychopharmacology (ACNP), and European College of Neuropsychopharmacology (ECNP). The CINP Executive Committee has decided to automatically approve CINP membership applications from AsCNP members. Professor Ikeda has also organized an outstandingly successful 6<sup>th</sup> AsCNP conference in Fukuoka in 2019 in conjunction with Japanese Society of Neuropsychopharmacology (JSNP, Annual Meeting Chair: Professor Hisatsugu Miyata, an AsCNP Councilor) and Japanese Society of Clinical Neuropsychopharmacology (JSCNP, Annual Meeting Chair: Professor Reiji Yoshimura).

Please visit AsCNP website, which is frequently updated: <http://ascnp.org/index.html>
